

Hello Everyone this is your sponsor Robert from Amanda & Robert BTL's at SFI. Welcome to SFI! I am just an email away also I will be sending out weekly messages through the SFI messaging system

This message is a little long so when you have the time, please sit down and read through it , thanks. (It will benefit YOUR Business.)

First off congratulations on signing up with our team with SFI. I will do my best to assist you however I can.

(As an important note to remember if you can Complete the five Fast-Track actions in the Getting Started section of your To-Do List (look for the green or red JET icons). Note: No jets will be displayed if you're past the 10-day Fast-Track window. within your first 10 days you get 250 bonus VP and a nice Fast-Track Badge to show off to your new team members and other A2A friends!

I send this message out to all of my newly joining team members most of this message is tailored just for you - some of it may not relate to your current situation per-say but these are the ways to achieve and maintain EA2 every month with SFI that I have found most helpful for my own Business and as stated below you DO NOT have to make ANY purchases to become EA2 or above it just speeds it up a bit!

I recommend to keep signing in and earning the daily 11 VP, advertising some of the gateways from our site as well as some text or banner ads

Those 2 new CSA's you will receive, once you become EA, are going to help you reach your financial goals! See every month you keep your EA (2) status you are given 2 CSA's to help build your business. You earn 15% of the commission volume say for example they buy the 125 TCredit pack every month you would earn \$2.65 commissions every month from that sale (per sale & can be more if you have an active Affiliate). compared to PSA's, which is a 45% of the CV who would make the same purchase you would earn \$7.95 in commission not all CSA's will be active just like PSA's there are going to be ones who are inactive. It is your ability to explain to them the benefits of SFI are in a weekly message through the CSA Mailer to get them to be active on your team (or Genealogy mailer)

BUT in their first few days in SFI I would send them a welcome message (individually through Genealogy Mailer) it does not have to be something fancy just introduce yourself and explain a little about us(SFI) explain to them you are new to the program too and are still learning and that they will work along side you and strive to reach all of our goals as a team!

once at Genealogy Mailer:

copy one of the SFI ID's from the far left column into the first filter drop down box for searching "SFI ID" make sure the = sign is in the middle and hit the blue filter button then the 1 person 's info should come up then click the Send an TeamMail to this group of 1 affiliates type the information you want to send them then copy the letter into notepad and hit send message first to yourself then to that 1 person.(you will see 3 messages in your Email in-box 1 for you to see how it looks, a confirmation message, and then a third is the sent

message) Next hit clear filter and copy the second persons SFI ID into the search bar and copy the text from notepad into the second persons letter so you do not have to completely rewrite it over just remember to change the names if you addressed them personally as your team gets bigger you will have to change this by searching for new sign-ups in the last 7-10 days then copy the SFI id from the far left column of one of your new sign-ups!

Another way to get just the one new PSA sign-ups info is through the email you will receive from SFI it has their SFI ID in the message. CSA's you can just check your list of new members in the Genealogy Mailer

Just as a side note IF at any time you were to drop back down to Affiliate you would lose your CSA's that you have acquired but you still get to keep your PSA's you sponsored or won in any auctions or if SFI runs a contest.

My sister and I started with SFI back in September of 2012 our goals are to get out of debt and be financially free! My sister wants to eventually buy her own home and start a pool hall for herself and her family and I want to move (with some of my Family) up to North Carolina with a large acreage!

I wanted to share with you how to get started with SFI you are on your way to making some great money here with us. While we cannot guarantee that you will succeed, but as many before you have demonstrated SFI works, When you work the program! If you log in once or twice a week you will NOT earn really anything but if you log in daily **(takes 20-30 minutes at most)** and follow what I describe below then you will start to see commissions come in, small at first, but with more team members you sponsor the greater your chances of getting lots of active PSA's we only need 5 people below us who also are actively sponsoring new team members to make a great commission check each and every month BUT more will boost your level of earnings even higher! There is NO LIMIT to your earnings here just the ability to earn from 12 levels into your team, which I think is very deep compared to other MLM programs.

Right now our team is small compared to many other teams in SFI mainly because I live on a VERY LIMITED budget and cannot always afford to do paid advertising. FREE advertising works you just have to post your ads EVERYWHERE that is allowed online and I am involved with other things (like my family) and time is not always available for me to spend those few hours to posting a new ad daily (I 'm mentally disabled too and I get easily overwhelmed sometimes and I require a lot of rest) so when I have time and I feel up to it I'll post a new ad or update an old one.

BUT I am a great Internet Marketer and computer wiz (I Build my own computers from the ground up!) I do a lot of research online and sometimes at the library looking up data! I can do a whole lot but my mother controls where I can work and what I can do, and so I convinced her if I brought my sister in on this(our) Business she would allow me to do all of the leg work and my sister be the financier it has worked out well so far.

Follow this e-mail and if you **DO NOT** want to make a purchase there is **NEVER** A requirement to do so. I know an A2A friend, Boris (see below) who has been with SFI 2 years and 8 months and is doing really well for himself and **all he did was commit to posting "1" FREE ad a day every day for those first 2 years** and they were - **ALL on FREE to post sites** - he did NOT spend money on advertising. I do not think he had a standing order either for anything at TripleClicks(not positive) at least not till he started seeing a profit!!

You sponsor people and they purchase things and you make a commission from your 4 different types of groups in your downline your 1)PSA's (Personally sponsored Affiliate-those that you either send your referral link to in an ad or purchase)and can also win them in auctions. You earn a 45% of the Commission Volume say they spent \$100 in commission volume (CV is the amount of each item's total cost broken down into different commissions one for direct commission DC or your PSA's, CSC co sponsor commission or your CSA's and EP executive pool a shared pool of commissions split among EA2's and higher) you would receive \$45 commission override 2) CSA's Co-Sponsored Affiliates-these you earn by being EA2 or higher and can also win them in the daily grand and in auctions you earn a 15% commission override with CSA's say they spent \$100 in commission volume you would receive \$15 commission override 3)PRM's (Personally Referred Members) WHO ARE TripleClicks MEMBERS ONLY BUT NOT AFFILIATES you earn a 45% of the Commission Volume say they spent \$100 in commission volume you would receive \$45 commission override **and the VP associated with the purchase** 4) then finally for any ECA's you bring in to TripleClicks, for any sales they make you earn a 10% Royalties on ALL sales for life and also you can refer new customers to your ECA's "store within a store" TConnect Websites. With the combination of Direct Commissions and ECA Royalties, you can earn a handsome 55% of the CV on any sales generated!

You earn commissions from 1.) sales to new PRM's you sponsor 2) collecting VP (VersaPoints) (you only earn from the TripleClicks Executive Pool When you reach **EA (Executive Affiliate) status which is 1,500 VP per month** that pays about 0.0005 cents per VP share. (Most of our Commissions come from Sales to new team members and outside Purchases from our Gateway.) Now I know that's not much but I know a friend (Boris) who has over 2.5 million VP EVERY month by 3) referring others who achieve EA2 and who also buy things they need for their SFI business or for personal use such as personal care items, electronics, or TCredits which is a form of currency at the TripleClicks store. TCredits allow anyone to place bids in our PriceBender™ Penny Auctions that sell new items for 77-99% off retail we have lots of auctions daily, or to play any number of our new games (more on the way), also to sell unwanted items like at a garage sale but online we have the world's largest online garage sale or to buy eBooks or anything out of our 90,000+ items here

4) matching VP (this is where my friend Boris gets 2.5 Million + VP per month) - achieve BTL or higher every month - and receive matching VP from all of your EA2's and above who made 1,500 VP. as well as receiving 1 - 5 shares (40-190 CSA's average) in second home CSA's who also earn you money from their purchases and matching VP

Matching VP is given to you at the time commissions are paid out and NOT added to your own VP balance BUT for every PSA on YOUR team who is EA2 or higher you WILL EARN 100 or more VP on your own VP Ledger

Second home CSA's are team members from a different co-sponsor who at that time lost his/her EA status thus losing all their CSA's but gets to keep all PSA's they have either won or sponsored

I look in my TripleClicks store first for things I need around my home and for gifts to family and friends and we have so many things to buy both digital and physical! For example for Christmas 2013 I bought my brother an iPad keyboard and waterproof case from our store the seller is also an amazon merchant so since I live so close to him I got it in 2 days and I used my MRP (Member Reward Points) to pay for the item and I also used my commissions to pay the shipping charges so there was no out of pocket expense. Saved me nearly \$60.00 So if you look for items you want or need in life TripleClicks is the place to go to **FIRST** It gives you the needed VP as well as helping build your business and you get the things you needed at a great price!

If you are having trouble paying for items at TripleClicks you can purchase TCurrency and pay for your orders this way here is a link to the nearest TCurrency outlets to you they are most likely in your home country. I am not all that familiar with how their transactions are conducted you can email them for more details (usually paid for with cash or electronic transfer of funds from your bank to theirs (in your currency) then they approve the order inside TripleClicks) then you can purchase anything in the store with the TCurrency

I also recommend sponsoring as many local merchants from around your town and throughout the world as you can. An ECA is a e-commerce associate who sells lots of different things at our store TripleClicks There are many benefits to being an ECA such as a free website, free hosting and the only fee to speak of is when the item sells there is a 15% fee of the selling price (which if I am not mistaken is better than eBay) that link is <http://www.tripleclicks.com/11536214/ECA>

I would also try and get some businesses looking at your site more often and signing up easier. The more the better in my opinion.

Having more local merchants in our store means more money for you and when they sell something and more when you are the referrer of the PRM then you get a commission (55% of the CV) so the more merchants you and I can bring to TripleClicks the better for you. They can sell the same things that they sell in their local markets - or anything as long as it is not on the prohibited list. Try to look through our store and see what we DO NOT have listed yet or is priced too high in your opinion. Then either bring some merchants on board, or you yourself can become an ECA and sell just in Kenya and surrounding areas, or throughout the world if you wanted to, that is because to me it is a win-win for both you and the merchants, you earn a great commission, and they get to grow their business internationally I have 1 ECA so far and am working on a few more slowly but surely I will make the real money.

Our goal is to earn enough to be set financially for the rest of my sisters' and my lives in the next 5-10 years I have seen Boris (an A2A Friend) do it quicker than that. I cannot say his exact earnings one because I do not know and second we are (by some law) NOT allowed to disclose what our earnings are or we can lose our membership (it boasts that they [new Affiliates who (might) think this is a get rich quick type of program] will earn the same more or less than someone who is DTL.)

Boris has an active team and has been here over 2 years, but by his average VP per month (2.5+ million) and number of **ACTIVE** EA2's & Team Leaders he has the numbers add right up easily. Also because these screenshots do not include all of the sales he and his team makes monthly it is assumed that all team leaders and EA2's in his team make at least 1,500 VP's worth of purchases EVERY month which is at minimum \$7.95 for 125 TCredits (he earns off each sale to his team members) his earnings are hard to determine without knowing his sales ledger information.

his latest post about his Business:(shows total VP close to the end of June 2014, his 2 year Anniversary!)

http://sfi.rjprblue.ws/?page_id=306

you can do the math for yourself just divide the total VP by 1,500 to get his "average number of EA2's and Team Leaders (app.1,720) then times that by at least \$7.95 then you add his total "personal" VP 13,644 but by my estimates he brings enough money home **EVERY MONTH** to more than cover every bill and plenty more to spend as he wishes he has been with SFI 2 Years, June 2014 and his team just keeps growing ! (Right now Boris transferred HIS Business to his son because he is involved in other internet marketing "coaching", from my understanding that is his passion to help others achieve their goals online!)

Have you seen your badges those you earn shows that you are serious about YOUR Business when you start to sponsor new people into SFI they will see your badges too and will see how serious you have been with making some money with SFI and TripleClicks and will listen to your inspiring story of how to make it in network marketing and want to duplicate what you and I are doing now!

Please watch these videos, if you want to, it talks about getting started here at SFI

Please feel free to watch my videos they are great talking about SFI as well as how to achieve your goals.

<http://www.rpjrblue.ws/videos.html>

I am going to show you how to make 1500 VP easily and you can get all Benefits of EA status and do it while on a budget! Since you are new to SFI and are in your first month you can easily achieve EA status your very first day just by completing "some" of your one time to do list Please don't do all of them just do enough to get your 1,500 VP EA status for this month on your ledger the one time VP are credited after you complete them and then are removed from your to do list. As well as completing all your regular daily, weekly, and monthly things on your to do list

as you might already know,

They include viewing and reading different pages and then clicking on the big green V in the upper right corner of the page Please read each page as this is how you will build your Business!!

Then on to LaunchPad, Everyday you should go over 1 lesson in your LaunchPad per day that if you answer the final question correctly you earn 15 VP there are 30 lessons to cover your first 30 days :

as a side note you earn 10 TCredits for maintaining your EA2 status every month, which I will explain later how to use them.

Now on to our second and continuing months and years here at SFI!

1) Always Log in to SFI and complete your DAILY actions To-do list (ALL RED TABS have a button at the bottom of the page after you finish reading each page click the BLUE button and earn your daily VP) (not just for doing but Read Tips Price Bender, News, Team talk, etc to grow up your business) (you have to wait 10 seconds)

(EXCEPT Ask SC and your Goals page.)

on Ask SC you first click on a blue go bar then you have to click on if the answer was helpful YES or NO) (10 or 30 answers-if you want an extra entry into the Daily Grand prizes giveaway)

(Also for 1 more EXTRA Entry into the daily Grand when you first log in on the "Alerts" Tab there is a button at the bottom of the page click that button and earn an extra FREE Entry into winning 1 of several prizes including VP, TCredits, CSA's, MRP's, or a Prestige Domain to use with your new gateways.)

Then for the Goals tab fill in the things/tasks you did to start achieving your monthly goals today and then click on the "Submit today's Goals tasks".

next go back to the to do list tab and click on

1/day "For checking out the latest items at TripleClicks" and view the TripleClicks daily list (free)

This will give you 11 VP per day ok so for total 30 days $11 \times 30 = 330$

2) Do weekly action every week

you will get 30 VP for sending a message to your Genealogy (boost up your Down line) after achieving EA for the first month SFI gives you 2 CSA's in your downline so its easy to send them a group message and give them some support on how they can achieve EA status as well. Just even a quick note of encouragement can guide them to their goals and also be beneficial to you as well!

5 VP- For reviewing your TConnect page, takes 2 seconds

1 VP- per message For submitting a Stream post - (one every 2-3 days Sun, Weds, Fri - 3 VP MAX per week it does not have to be much the point is just say something that might help other people with their SFI business! (in you team) Personally I quote famous saying that are inspiring total $30+3+5=38$ for 1 week so in month $38 \times 4 = 152$ VP

3) DO monthly actions

(it's too easy because you only need to give your rating of your sponsor/co-sponsor)-(only after your second month with SFI & if you earned over 500 VP for the prior month)-this will give you 10 VP in 10 second

5 VP next set up your monthly goals BY THE 10TH on your GOALS tab fill in each goal with what you think can accomplish this month then hit "set goals" right below the last question about your monthly goals

So till now we gathered $330+152+10+5 = 497$ VP

Now from here we have two ways which to go:

IF you are financially capable. and want to have a Standing Order (NOT REQUIRED, BUT HELPFUL FOR YOUR BUSINESS you will then be qualified to start receiving commissions from the TripleClicks Executive Pool. It will help you focus more on advertising your gateways and less worrying about if you will qualify for EA2)

Any Tc items that totals 1,500 VP (up to 2,000 VP for BTL) and can also be placed on a Standing Order if you wanted an extra 100 VP (I personally recommend 125 TCredits for \$36.25 you can buy it here: <https://www.tripleclicks.com/11536214/MightyTCredits.php> **(only available to SFI Affiliates)**)

to equal 1500 VP (I buy this every month so I can bid in our auctions and reward my team and I have won over 10 Auctions (I do not remember exactly how many, to long of a time frame) I've won more TCredits and CSA's and that is all I want to keep winning for now)...(I want to win the new Ipad Air 2 Silver but I need to save up my TCredits for a few months first)

Wondering about how to get TCredits? Well let me tell you how to get TC for Free..
My best Advice to you purchase a Wave 3 kit (it cost \$1.95)
you can order it here :

<https://www.tripleclicks.com/11536214/detail.php?item=70438>

you will get 5 Tc and 50 MRP easily per month

just submit your photo of you posing with the TripleClicks decal on your car once, if you don't have a car you can ask a friend I'm sure they would not mind, and fill out a quick form every month to keep your membership in W3 active.

or participate in T-Time its free and you can win 2 T-Credits every hour go here: <https://www.tripleclicks.com/11536214/indexContests.php> for All of our games!
Maximum of one win per member per day in T-Time

5) Sponsor 8 Affiliates under your gateway and

teach them to be EA for 2nd month or you can say EA2 and tell them what you did to become EA2. (nice thing for new Affiliates is, it's very easy to become EA in under 30 minutes) EA2 is harder unless you have a downline of EA2's already or a Standing Order of more than 1,500 VP

For each EA2 you sponsor you get 100 VP so for 8 EA2's that would be 800 VP which is the way I would choose because it is free to advertise in different places online or off line (flyers Post it boards at fitness centers, Laundromats, clubs, and college post it boards to name a few) you just do a Google search or I like to use dogpile <http://www.dogpile.com> for free advertising. Or another thing I just started doing is go to <http://www.alexa.com> and do the keyword search there for free advertising or free classifieds and check and see which sites have the most visitors daily. you could also put an ad in several free to post ad sites like Craigslist just to name one. with Craigslist you can only post in 3 cities per account so try and make it your gateway <http://www.sfi4.com/11536214/FREE> or <http://www.sfi1.biz/11536214> or <http://www.joinmysfiteam.com/11536214> Just change the SFI ID to your own ID. I use all 3 but the last 2 are a little more personal! You can also start a blog its real easy to do mine is <http://www.sfi.rjprblue.ws>

or you can go here: **(Optional)** to purchase some advertising and receive PSA's

<https://www.tripleclicks.com/11536214/detail.php?item=344064>

or here

<https://www.tripleclicks.com/11536214/detail.php?item=38631>

You will easily get 800 VP from your affiliates if they become EA2 as well, so encouragement is always a blessing, maybe even some commission also if they make a Purchase From TripleClicks. so VP has reached to $497+800=1297$ VP

(step 6 is only needed if you did not create a S/O)

6) The next step is to buy 3 TCredits for \$5.67 and keep them till you are ready to use them for purchases or bidding go here:

<https://www.tripleclicks.com/11536214/detail.php?item=47534>

doing so will give you 306 VP

OR if you cannot make even this purchase please increase your PSA's who become EA2 every month to 12 (4 more people) for a total of 400 more VP

It will take time and effort to Achieve your financial Goals please be patient and keep posting 1-2 new ads every day on ANY website that has free advertising (there are thousands!)

we are now ahead of 1,500 VP
milestone

$497 + 1,500 - 2,000 = 1997 - 2497$ VP

$1,297 + 306 = 1,603$ VP

OR $1,297 + 400 = 1,697$ VP

Yes.. we have done it !

We have achieved EA status!

do this each and every month and you will succeed with SFI!

Hope this will be beneficial to you if you have any questions reply back to this message Thanks

I thought it would be helpful to you because it helps me each and every month since I live on a very limited budget.

There are several ways to achieve EA2 every month these are the easiest that I have tried if you cannot make a purchase directly then my best advise would be to sponsor several **ACTIVE** PRM's (personally referred members) which is this link: <http://www.tripleclicks.com/11536214/pbgw> or <http://www.tripleclicks.com/11536214/> Just change the SFI ID to your own ID. They are TripleClicks members only and are NOT AFFILIATES you **earn VP and commissions** off their purchases unless they become full SFI Affiliates then you earn just the 45% commission and **NOT** the VP.

Good Luck with **YOUR** Business!! Write me if you need anything I am here to help as much as I can and if you ever need anything, anything at all, you can email us at: pugman30@gmail.com or contact us through the contact your sponsor page at the bottom of most pages (except the messages page it's at the top)
Thanks for looking at SFI!
Sincerely Robert from Amanda and Robert BTL's

P.S. write me if you need any help setting up anything inside your members area or are having trouble with **ANY THING!** Thanks again for joining SFI and have a great weekend ahead!
